

## League Of Voters Hears Report Of Exhibit

On Friday, December 5, Mrs. Bren E. Risk left for her new home in Birmingham, D. C. Her leaving will be felt not only in the local league but also in the state for the reason she was always a force for good, but also in the state will be missed. Mrs. Risk's interest and enthusiasm has meant so much to the men of the state that they feel a loss of dismay that they can no longer depend upon her for the necessary zeal and energy on the work, when that wonderful personality and that unflinching enthusiasm is withdrawn.

However, all must put their shoulders to the wheel and keep the good work going. We must "carry on" in Alabama until her return.

**Meeting Of The League**  
The regular meeting of the Jefferson County League will be held at the Hill on Tuesday, December 9, at 2:30 p. m.

It is the only meeting before Christmas, the program will be in the form of a peace program. Dr. Frank A. Ald, of the Fifty-sixth Street church, will deliver an address on "The Song of Peace," and Dr. G. G. Leach will give an address on "The Song of Peace."

**1924 Manufacturers' Exhibit**  
The report of Mrs. J. M. Hankins, of the manufacturers' exhibit, held at the Jefferson County League, on Oct. 27, Nov. 3, and Nov. 10, is most gratifying. It is a credit to the league, and a credit to the manufacturers, and a credit to the city.

The exhibit, which was held at the Jefferson County League, on Oct. 27, Nov. 3, and Nov. 10, is most gratifying. It is a credit to the league, and a credit to the manufacturers, and a credit to the city.

## Homemakers' Business Bureau

By BESSIE R. MURPHY

Southern Food and Household Efficiency Expert

So many letters are lost and delayed, due to wrong addresses. The following rules will insure a prompt reply to your inquiry: A self-addressed envelope will bring a reply, or your inquiry will be answered in the Letter Box Column without stamped envelope, your initial and state only being mentioned. Address all letters to Homemakers' Business Bureau, Age-Herald, Birmingham.

Do you know the true meaning of the Christmas symbols you see year after year on the Christmas trees, have you ever told them to your boy or girl, when they are begging for the old story of Santa Claus?

The evergreen tree is not just a receptacle for candles, electric lights and tinsel ornaments, it is the symbol of immortality, of eternal life and growth. The candles on the tree represent the gleaming stars that led the wise men of old to the little town of Bethlehem.

The gifts on your tree should symbolize your desire to make some one happy—a symbol of God's great gift to man.

The carols we sing are but echoes of the heavenly song that the angels sang on that Christmas morning.

Even Santa Claus that comes down the chimney is but a symbol of the wise men who brought gifts to a little boy, who brought the first Christmas.

Will you who have little ones weave a Christmas story for them about the true meaning of their tree, giving them a vision of the true Christmas spirit, if you will, there will be a new and deeper joy in the Christmas tree and it will linger in their hearts and minds throughout life.

Let us and I keep a watch over our hearts, let us not forget the beautiful symbols of Christmas and the beautiful things they symbolize.

### In Elizabeth Ann's Kitchen

**Filling The Christmas Candy Jar**  
It matters not, whether you are big, or little, old or young, you like candy at Christmas time.

Delicious home-made candies, in attractive packages make most acceptable gifts; in addition to adding to the own home goodies for the holidays.

No special apparatus is necessary in the preparation of home-made candy, but a candy thermometer will prove a wise investment as the results obtained through its use greatly facilitates the work.

Before attempting to make candy be sure that all the necessary materials are prepared, measured or weighed and that the utensils are ready for immediate use.

**A Few Don't's**  
Stirring candy while it is cooking may cause it to grain. This is why directions for fondant and clear candies are so emphatic in stating that syrup must not be stirred after it begins to boil.

In judging the milk, cream and butter help to prevent crystallization and so may be safely stirred to keep from sticking.

**Some New, Some Old Fudges**  
Boil 3 cups sugar, 3 tablespoons cocoa, 3/4 cup milk and 1 tablespoon butter. When it forms a soft ball in cold water, add 1-2 cup each of chopped raisins and nuts and 3/4 cup of figs cut in small pieces. Pour into a buttered pan.

by the endorsement of Mr. O. L. Bunn and the chamber of commerce, the junior chamber of commerce, and the men's clubs in general. Mrs. Neil Wallace, chairman of the Speakers' committee, will take up in a time and make an incision from the blossom end to the stem end. Dip a marshmallow into the grape juice and press it into the fig. Close and roll in sugar. Set on a platter dry. The marshmallows swell so the figs are natural size.

**Figs Stuffed With Marshmallows**  
1 pound of pulled figs.  
1-2 pound marshmallows.  
1 cup grape juice.  
1-2 cup xxx sugar.

Wash the pulled figs; put them in the top of a double boiler while wet. Put over the fire and steam for one hour. Take out one at a time and make an incision from the blossom end to the stem end. Dip a marshmallow into the grape juice and press it into the fig. Close and roll in sugar. Set on a platter dry. The marshmallows swell so the figs are natural size.

**Chocolate Clusters**  
Chocolate nut clusters are delicious, walnuts, Brazil-nuts, peanuts or small seedless raisins and shredded coconut may be used for clusters.

Use milk chocolate for all nuts except the peanuts, for those and the raisins and coconut use the sweet chocolate.

Pick the nuts well, see that there are no pieces of shell, free the raisins from sticks and stems. Melt the chocolate and coat only one kind of nuts at a time. Throw a handful of the nuts into the melted chocolate, work around well and take up a cluster and drop on waxed paper. When coating the coconut put in as much as the chocolate will take up—not too dry and drop in neat little cakes on wax paper. Let harden before taking from paper.

I wish to thank deeply Mrs. Annie Floyd, Mrs. W. D. Colby, Mrs. Charles Fiske, Mrs. C. B. Jaynes, Mrs. Adda Barnes, Mrs. Neil Wallace, and Mrs. J. H. Wideman for their assistance in disposing of the book and to Mrs. L. Albritton, and Mrs. J. J. Windman for the use of their automobiles for several days.

The league wishes to thank Mrs. J. H. Wideman, who so efficiently handled arrangements for light and gas in the booth.

Mrs. W. D. Colby, the efficient treasurer of the exhibit, was one of the important factors. Her report is most interesting, showing that the exhibit was a financial success.

We found Mr. and Mrs. Meehan and Mr. and Mrs. Gibson of the Magic City Decorating company, who handled the decorations and making of booth, very satisfactory, and wish to thank them for their interest.

To Mr. Erickson, manager of the auditorium, who was courteous and helpful to everyone, and to Mr. Sharp, stage manager, who was also very helpful, we extend our sincere thanks.

The center of the stage decoration was the beautiful picture, "The Man of Sorrows," by M. Sasanoff. Mr. John Altman had this picture sent from Montgomery, in order that the many hundreds of school children might see its wonderful inspiration.

As general chairman of the exhibit, I averaged six hours per day for two months, and ten hours per day during the week of the exhibit. From it I have derived the great pleasure of working with worthwhile people for an important civic purpose.

Mrs. Ernest LaPointe, who was in charge of the league membership booth, and her assistants, deserve many words of praise for their efforts.

I want to add a word of special personal thanks to the newspapers which were so wonderfully generous to us.

To one and all of the exhibitors who by their splendid, enthusiastic co-operation aided in making the exhibit a marked success, the league extends warmest thanks. One could not help but be impressed, after viewing the exhibits of that which is produced, of the possibilities of this district in providing all that is so essential in its expansion and building, in that everything required in the building material line is produced within a radius of 20 miles. There is no building material required but what this district produces, and in this exhibit it gave to the people an opportunity of seeing and knowing that which would not have been known to them but through an exhibit of this kind.

Looking forward to an even bigger and better exhibit next year.

Respectfully submitted,  
MRS. J. M. HANKINS,  
General Chairman  
1924 Manufacturers' and Housewives' Exhibit.

The woman in industry committee requests the executive board of the Jefferson County League of Women Voters to adopt the following resolution:

Whereas, women voters who have to work seldom find opportunity to vote because of the fact that the polls open so late in the morning, frequently not being open until 9 o'clock on account of the tardiness of the election officers; and close at night therefore the women get off from work, and

Whereas, there is a great discouragement to payment of poll taxes among working women,

Therefore, be it resolved by the Jefferson County League of Women Voters,

First, that we urge as part of the league's legislative program, an amendment to the election law requiring the polls in large centers to open earlier or remain open later,

Second, that a campaign be waged to induce department stores, factories and large employers of women workers to close at 5 p. m. on election day, so that their employees may vote.

Minter, who labored for hours addressing circulars to league members and club presidents, and to the manufacturers themselves.

As chairman of booth solicitation,

by the endorsement of Mr. O. L. Bunn and the chamber of commerce, the junior chamber of commerce, and the men's clubs in general. Mrs. Neil Wallace, chairman of the Speakers' committee, will take up in a time and make an incision from the blossom end to the stem end. Dip a marshmallow into the grape juice and press it into the fig. Close and roll in sugar. Set on a platter dry. The marshmallows swell so the figs are natural size.
